

## **2013 SIPA Micro-Grant Awards**

Thank you to everyone who applied for the 2013 SIPA Micro-Grant. We had an overwhelming response of applicants from numerous different State Agencies, Counties, Municipalities and Special Districts across Colorado. With so many worthy applications this year, the final decisions proved to be challenging ones. SIPA is very fortunate to have the opportunity to award these grants each year to governments across Colorado to accelerate the adoption of electronic government services by placing more government services, products and information online. Together, we will provide efficient and effective services to the residents of Colorado. Please join us in congratulating the following 2013 SIPA Micro-Grant award recipients!
